

# Blue Light

Increases Neo's visibility and safety during cleaning!

## For greater visibility and safety

An operational requirement for logistics and warehouse facilities with a variety of moving equipment, the Blue Light helps nearby pedestrians and vehicle drivers, such as forklift drivers, know where Neo is heading, reducing possible collisions.

The Blue Light is a trajectory-indicating light positioned on the front of Neo. The two LED lights project a blue spot on the floor approximately 4 meters (13 feet) in front of the robot, highlighting its route while in motion.

By shining a light in front of Neo, the Blue Light increases its visibility and safety during cleaning, highlighting its route while in motion.

- ▶ Do you have an existing Neo 2 and want to add the Blue Light?  
The Blue Light Retrofit Kit includes all materials needed to install the Blue Light on your existing Neo. To learn more or order, please contact: [orders@avidbots.com](mailto:orders@avidbots.com)

## Why Avidbots?

Buying an Avidbots Neo isn't just buying a floor scrubber. It's investing in a technological future that can redefine your cleaning function, making it more productive, more cost effective and easier to run. More importantly, our robotics and AI technology open up new opportunities to make your business even more successful. We realize this isn't just about buying a product, or a technology, or even a business proposition. You want to buy into a trusted partner who can take you into the future of automated operations using cutting edge robotics. At Avidbots, we work side-by-side with our customers to earn that trust and realize all the benefits that robotics can bring them.

## About us

Avidbots is a robotics company with a vision to make robots ubiquitous to unlock humanity's potential with a hyperfocus on autonomous cleaning. Our groundbreaking product, the Neo fully autonomous floor scrubbing robot, is deployed around the world and trusted by leading facilities and building service companies. Headquartered in Kitchener, ON, Canada, Avidbots is offering comprehensive service and support to customers on 5 continents.
